2022 Categories and Criteria

The NHS Parliamentary Awards are designed to celebrate the work of all NHS staff and those who work alongside them to improve and join up care in their communities.

We are looking for outstanding nominees who have innovated, impressed, and made a real difference to how the health and care system provides care for patients. Nominees could be an individual, a team, or an entire organisation.

Nominees don't have to be working within the NHS – these awards are for anyone working for or with the NHS towards the shared goal of delivering health and high-quality care, now and for future generations. Neither do they have to be in frontline or clinical roles. Around 60% of the NHS workforce perform vital but often-unseen roles, ensuring that the NHS is equipped to meet the needs of patients. Many more people support patients in other ways, such as via their local Healthwatch, social enterprises or charities.

Nominations open on Wednesday 2nd March 2022 and closes at midnight, Wednesday 6th April 2022.
